

- 20' of Locksets • 32' of Cabinet Hardware • 36' of Plumbing Products
- 40' of Builder's Hardware • Over 2,500,000 Cubic Feet of Warehouse Space

Admit it. Size matters. At Ultra Hardware, we're bigger than a lot of our competition. In fact, we stock over 6000 quality products that can be shipped within 24 hours from our state-of-the-art warehouse. We do it all: personalized programs with bigger lines, better selection and faster shipping for on-time delivery. Our reputation for excellence is pretty big, too. As a nationally recognized brand name we're a part of the Arch America family of companies. One of the largest, most respected organizations in the country, backed by over 2,000 people in six locations. We're as big as your needs.
